

STUDIENSTIFTUNG DES ABGEORDNETENHAUSES VON BERLIN

Scholarships for graduated students and young scholars

Our Foundation was established by the Parliament of Berlin in 1994 as a late sign of gratitude to the Allied Forces who occupied, befriended, and protected Berlin and its citizens for almost fifty years after the end of World War II. The representatives of Berlin created the Study Foundation to sustain and develop contact with France, Great Britain, the United States, Russia and other successor states of the former Soviet Union.

The Studienstiftung des Abgeordnetenhauses von Berlin sponsors a scholarship programme that aims at promoting young scholars from the above-mentioned countries. The applicants should be working on projects concerned with Berlin, Germany or German-international issues. We also welcome all other projects that require access to research facilities in Berlin.

The grants are awarded according to academic achievements. Presently, the Study Foundation awards about 15 twelve-month grants per year. As a rule, the stipend amounts up to 770 EUR for students and doctoral students and up to 1,300 EUR for post-doctoral scholars per month. In addition, the foundation assumes travel costs as well as rental costs for housing at the International Study Centre in Berlin. During their twelve month stay in Berlin, grant winners will not only be offered the opportunity to experience their disciplines from an international perspective, but they will also be encouraged to learn more about the people and culture of Berlin.
