

Innovact Campus Awards'

First prize:5,000 euros!

For ten years, the Innovact Campus Awards have, with the support of the European Commission, enabled young students to implement their projects at European level.

If you are a student with a creative and innovative idea for a business project, you can, with a team or individually, take part in the 10th edition of the Innovact Campus Award. The aim of this european competition is to reward new and challenging projects. Your project can either be in its design stage, in progress or already launched.

All students can take part in the competition either individually or within the framework of their institution. However, the reputation or prestige of the institution will not influence the final decision, which will depend entirely on the quality of the projects presented.

A great opportunity!

The selection committee composed of professionals (heads of companies, journalists,scientists)will reward the candidates who - whatever the product or activity - show imagination as creators.

The winners will receive prize money and will benefit from media coverage in the following websites: www.innovact.com; www.lors.fr; www.lentreprise.fr; www.ffbde.fr

1st prize: 5,000 Euros

2nd & 3rd prize: 1,500 Euros
